- Reconstructed & re-consolidated Formation Level

Completed: October 2014 *Build Cost:* £440,000

Contractor: Cleveland Land Services Ltd

Other Features:

- New London 2012 Hockey Goals
- New Team Shelters
- New Perimeter Fencing
- Upgraded Floodlighting

Story:

- Reconstruction of an existing hockey pitch following a 2 year development period during which Oundle School & Notts Sport worked closely together to ultimately reach completion in Autumn 2014.

- The scheme was originally planned as a straightforward resurface but pre-tender site investigations highlighted issues with the sub-base stability that had to be designed out both prior to and during the construction period.

- The flexible, collaborative approach Notts Sport with employ on projects was critical to delivering the successful pitch due to the substantial issues the original pitch build had created.

Points Of Interest:

- The success of this pitch and the Notts Sport service led approach has led us to be commissioned to 2no. additional hockey pitches, a 10 lane cricket practice facility and a 9 court macadam tennis and netball facility to be delivered in 2015.
